A Salute to **SCOTT ROBERTS & THE ROBERTS FAMILY**

In the early 2000's Bob, "or RC," as an investor, acquired three RV Resorts, with tremendous growth potential, in the greater Phoenix, Valley of the Sun area. After his passing, his wife, Barbara, and younger son, Scott took over their operation, and family owned property in California. As publisher of a premier RV Resource Guide in Arizona, I was retained nineteen years ago to market their Arizona RV Resorts, as the family remained in California. Approximately five years later, Scott, a young, energetic entrepreneur moved to Arizona, and set up the families company, Roberts Resorts in Scottsdale AZ, taking on operational control of their Arizona RV Resorts with my firm continuing to market them for the family.

As I worked with Scott, I discovered that he understood the importance of taking care of those who provide a revenue stream, by making sure their properties were well managed and maintained, with updated recreation amenities and encouraged resident guidance with social activities. That was not always the case then, as owners didn't understand the importance of caring for their occupants and maintaining their investment properties. Following his "always service your residents first" concept, Scott implemented it as a management philosophy, with emphasis on care for his residents, within a reasonable manner. It was always refreshing going to his office and feeling the importance of such care for his guests and residents. This has resulted in long-term residency by "happy" occupants, enjoying their fun lifestyle setting. This allowed Scott, with a skilled Team, to take on more properties in several states to enhance his portfolio.

Then, came the "big Corporations and Investment REIT's, with tempting purchase offers to private and family owned RV Resorts. Many took advantage, becoming "cash happy" and able to sit back and enjoy their favorite sports or hobby. The Roberts Resorts investment portfolio was a prime target. But, I'm sure Scott didn't give it much consideration, as he moved forward with more acquisitions.

In recent years, Scott, with wife Lauren, "Ren" and mother, Barbara, conceived a new Outdoor Recreation concept, with several residency options within an premier RV Resort setting, with dining facilities, Clubhouse, and a 5 Star recreational amenities package for its guest's enjoyment. He has completed his first Resort near Flagstaff, with year 'round outdoor summer and winter outdoor activities. Presently, two types of outdoor facilities are open, an RV section, with spacious sites, and fully appointed Adventure Cabins, for rental or purchase. A Glamping site is planed with luxury Safari tents, for those desiring a unique camping experience. This resort style living is ideal for all age groups...young families, singles, maturing families and retirees for themselves and a get away with grandkids. There are other recreation locations in the planning stages.

So, it all started with Bob, Scotts Dad, with a good investor sense starting in Arizona with three RV Resorts. Followed by Scott and family with excellent vision, have grown their independently owned and operated company into a sizeable portfolio, with some of the best RV Resorts and Communities across the Country. The quality and reputation of them, exceed most purchased by the "big Corporations and Investment REITS. Having been in the RV industry for over thirty years, it is an honor to see the Roberts family's continued success as an independent family operated company.

Instead of sitting back "clipping coupons," Scott with an experienced operational team, look forward to develop more active recreation Resorts and Communities, appreciated by an increasing number of "happy" guests, residents, and adventurers.

Scott, Best Wishes, from my wife and I for your continued success.

SEASONAL 'BIRDS, LOCAL RVers & RV TRAVELERS TO OUR GRAND STATE.

Our spectacular Grand Canyon is Arizona's number one visitor attraction and one of the Seven Wonders of the World. It is truly magnificent, with steep one-mile drop-offs to the canyon floor with the mighty Colorado River flowing through it. But there is so much more throughout Arizona, with its multitude of elevations and variations in its ecosystems offering stunning landscapes...all showing off the best Arizona has to offer.

What an ideal RVing setting for travelers, exploring its unique diverse landscape. This annual Arizona State RV Travel Guide and corresponding website, azrvguide.com has served the entire RV industry for eighteen years, highlighting a variety of interesting places to visit and enjoy. For ease of access, it is divided into nine user-friendly Regions, with noted local Visitor Centers offering updated, detailed local information. This includes RV Resorts known for their variety of recreation and social activities, RV related services, State Park Listings with RV sites, access to more primitive camping in our State's picturesque National Parks, U.S. Forest's, and information on primary attractions and outdoor adventures for today's younger, more active snowbird & RVer.

Special contents include feature articles on unique finds in Arizona, including the popular 'glamping' outdoor experience, with all the comfort and luxury of a first class hotel. Plus Off-Roading in Arizona,

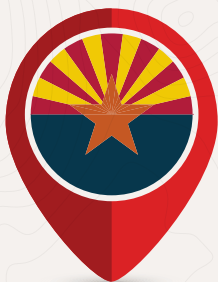

Willcox's Wine Country, tourist opportunities in Pinal County and the new Village Camp Resort in Williams, offering a newer outdoor recreational experience with RV sites, Cabins for purchase, or rental, and soon a glamping experience in luxury Safari Tents.

Note small town appeal in unique communities scattered throughout our vast desert wonderland, many with an historic 'Wild West' and mining background. Enjoy the architecture of historic buildings, the true nature and culture experiences on twenty-three Indian Reservations, including their Casino Resorts and many events and activities. Find distinct flavors at local eateries, sip award winning wine from three Arizona Regions, unique specialty shops, art galleries and museums, and sit with a local character to learn their local experiences.

Whether you stay a day, week, month, season or for the year, enjoy our diverse landscape, with a high and low desert setting, water sports along the western border of the Colorado River, ease of access into Mexico for a leisure and medical tourism experience and so much more our grand state has to offer.

Enjoy RVing in Arizona...What a Life!

HOW TO USE THE GUIDE

The 2024 Arizona State RV Travel Guide provides descriptions and details about listed RV parks or resorts, services & recreation resources organized by region, within the state. It also includes visitor centers, local attractions and services.

The Arizona map on the next page shows how the state it is divided into user friendly color-coded regions. Go to the region you're interested in and browse each park or resort, services & recreation resources to find out what they offer and how to contact them directly. If a park is not listed, contact the area Chamber of Commerce or Visitor Center for updated information.

Special attention has been taken to list the Visitor Centers and Chambers within each Region for ease of contact to obtain more detailed, current information within their area.

The Arizona Office of Tourism (AOT) provided special cooperative marketing funding, enabling rural non-profit tourism entities to promote their local services.

Some of the advertisers are local, some offer services and supplies statewide. So view the entire contents of this Guide and its Business Directory to be sure to see it all!

Adopt A Saguaro

To fulfill its mission of protecting its namesake plant, Saguaro National Park, near Tucson, AZ conducts ongoing research to continuously evaluate the complex ecological interrelationships that govern the health and character of saguaro stands within the Park.

Through the Friends of Saguaro Adopt a Saguaro program, you can support this critically-important scientific research, and help the Park protect these impressive "sentinels of the desert."

With Adopt a Saguaro proceeds, Friends of Saguaro, provides the Park with funding to support saguaro inventories, monitoring and research.

Help protect them, by Adopting a unique southwestern cactus, the Saguaro, for a minimum \$35 for a one year sponsorship.

Pickleball & Arizona - A Win-Win

Do you know what pickleball is?

There are currently an estimated two million pickleball players with an astonishing eight million expected by 2023. If you haven't caught this sports addition, there is still time for you! Pickleball is a paddle sport created for all ages and skill levels that is played both indoors and outdoors. The rules are simple and the game is easy for beginners to learn, but can develop

into a quick, fast-paced, competitive game for experienced players. 68% of USAPA members are over 60 years old, yet this sport is not just for seniors anymore.

The USA Pickleball Association (USAPA) was organized to promote the growth and development of pickleball on both a national and international level and is headquartered in Surprise, AZ.

According to USAPA, an average of 76 US venues are created each month; this growth is exciting. More and more we're hearing that it's not only players, but cities, communities and schools that are jumping on the pickleball bandwagon. It makes good sense as the game is not only great for people's health, but it's good for local economies. There are hundreds of pickleball clubs throughout Arizona — so if you're not finding out where to have fun in your area, you are missing a great opportunity to get exercise, meet people and have fun.

Standin' on the Corner Park

100 E. Second St., Winslow 86047

480.326.3486 • standinontheCorner.org

The most famous corner on all of Route 66 pulls millions of travelers off the road in Winslow. They stop to be part of musical history, reliving a moment from the iconic song "Take it Easy," co-written by Jackson Browne and Glenn Frey. There they are, standing on a corner in Winslow, Arizona. Such a fine sight to see. *Written by Roger Naylor*

Awesome Arizona: 200 Amazing Facts About the Grand Canyon State

Roger Naylor celebrates Arizona in latest book

With his latest book, award-winning travel writer Roger Naylor says what needs to be said. Arizona is awesome!

Arizona is rugged and gorgeous and historic and weird and funny and utterly magnificent. It's full of surprises, not what most people expect at all. And with this book, Naylor piles up the evidence.

In *Awesome Arizona*, Naylor has amassed 200 amazing facts and fascinating commentary about his beloved state. He captures the essence of Arizona from its wild and wooly past to its breathtaking scenery to its startling geology to its incredible diversity of cultures and terrain. This is the encyclopedia that lovers of Arizona have been craving.

Pipe Spring National Monument

406 N. Pipe Spring Rd., Fredonia 86022

928.643.7105 • nps.gov/pisp

A rare water source amid the vast prairie of Northern Arizona is rife with history. Sacred to the Kaibab Paiute people, it later became the site of a Mormon fort built in the 1870s and has been beautifully preserved. Stop for a tour of the garden, orchard, and historic buildings. *Written by Roger Naylor*

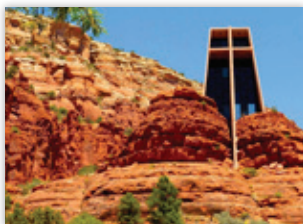

Chapel of the Holy Cross

780 Chapel Rd., Sedona 86336

928.282.4069 • chapeloftheholycross.com

One of Sedona's most striking works of art isn't found in a gallery. Completed in 1957, the Chapel of the Holy Cross rises between two pillars of sandstone, framed by high cliffs. The interior of the chapel is adorned with benches, tapestries, and flickering candles that create a meditative oasis, while soft sunlight streams through the floor-to-ceiling window. All are welcome. *Written by Roger Naylor*

Arizona State Parks and Trails offers many different ways for people to enjoy the diversity, beauty and excitement of our Grand Canyon State. Visitors and residents alike can experience adventure within a network of off-highway vehicle (OHV) trails across the state. Arizona State Parks and Trails can help you find adventure in parks along the Colorado River or amid the picturesque scenery of the Sonoran Desert. Maybe a lake front getaway with quick access to OHV trails is more your speed; we have that too! With so many options, there truly is something for everyone here in Arizona!

Arizona State Parks and Trails offers unique experiences for RV travelers and plenty of options for those seeking adventures off the beaten path. The Off-Highway Vehicle Program has created a user experience that enhances visits to Arizona's state parks for recreational enthusiasts for over a decade. By adding new team members and a more personal hands-on approach to engaging Arizona's vast OHV community, Arizona State Parks and Trails has accomplished trail maintenance and construction, statewide trail mapping systems, economic impact studies, and extensive grant work.

One of the most important aspects of the OHV program's success is the Off-Highway Vehicle Ambassador Volunteer Program. This innovative and award-winning volunteer program enables private

citizens to work with federal, state and local land managers and public safety officials to promote responsible off-highway vehicle recreation. These volunteers contribute their time, experience, and local knowledge to create a positive image of their recreation activity. Volunteers also identify and record road, trail and other resource issues, and educate OHV users on responsible OHV use. There are currently more than 150 volunteer ambassadors statewide that help keep Arizona's trails open and maintained. The success of this program was recently recognized by the Arizona Parks and Recreation Association, when the Ambassador program received the volunteer of the year award.

"Show Me Rides" introduce riders to new OHV areas across Arizona, are organized regularly by ambassadors, and occur throughout the state. Riders and ambassadors review maps, riding etiquette and safety information before each ride. Ambassadors then lead the group on a memorable OHV adventure.

Please remember to ride safe, ride smart and ride sober!

To learn more about off-highway trails, "Show Me Rides," the Arizona Peace Trail, or other updates about how to enjoy trails and experiences in and around Arizona's state parks, visit azstateparks.com/ohv or call 1-877-MY-PARKS.

AZ Game & Fish Dept. Information

The four of us are enjoying the fire at our campsite in quiet desert setting. As we get more laid back I'm enjoying the new issue of the interesting *Arizona State RV Travel Guide*, picked up this morning at the Kingman Visitor Center. Good grief, it's loaded with information on the outdoors and access to needed licenses for fishing and use of our boat.

As I envision an active trout jumping out of the pristine lake on one of my new files I remember we need to access water craft safety information before the big catch later this week. Wow! This AZ RV Resource Guide even contains information for online license purchasing and a list of their locations, in case we need to stop by one of the AZGFD's offices.

I was able to easily access with detailed sportsman information and how to easily contact AZGF Dept.

CAMP IN LUXURY:

Glamping

UNPLUG FROM URBAN LIFE AT ONE OF THESE POSH ARIZONA SITES

This type of camping is grabbing the spotlight in leisure travel. Short for “glamorous camping,” glamping pairs traditional outdoor lodging with five-star fittings, guest service, dining and amenities. It is a step up from tent camping, using luxury tents, classic Airstream campers fitted out with modern conveniences and tiny backwoods cabins with upgraded amenities. In other words, it is an outdoor experience, but with all the comfort and luxury of a first-class hotel. Gen X and millennial couples with a double income can enjoy a night or two outdoors in luxury without the higher cost of owning or renting an RV.

The concept of glamping is not new — luxurious tent-living or similar camping accommodations have existed for some time. Approximately eight years ago, the concept caught on with young professionals escaping the fast pace of urban life by disappearing into an isolated, quiet nature setting while enjoying a luxurious, comfortable experience.

Also called “boutique camping,” “comfy camping” or “posh camping,” today it features unique structures such as bell tents, pods, safari tents, yurts, tepees, vintage trailers and tree houses. One new glamping site consists of a float tied to a dock for those who desire a floating experience.

Just far enough away from big city excitement, **Casa Grande**, between Phoenix and Tucson, is a welcome retreat for RVers seeking a more rural setting. Shopping and services are plentiful here, serving rural communities in this western “Golden Corridor” of Pinal County.

This area is not as well known, as most are in a hurry to travel between Tucson and the greater PHX area. A more agricultural area, Pinal County’s priority is to encourage economic development to enhance its income base and retain workers locally. Western Pinal County has three distinct areas — the Gila River and Ak-Chin tribes near Maricopa, just south of Chandler; Casa Grande, Coolidge and Florence southeast; and Eloy/Arizona City further south off I-10. The **Casa Grande Chamber, Sunland Visitor Center** in Eloy and community chambers of commerce offer information on where to explore and enjoy this western portion of the county.

West of Casa Grande near Stanfield is **Shamrock Farms**, with an excellent farm tour of this Arizona dairy products company. The **Dwarf Car Museum** is also nearby. Northwest of Coolidge is the **Casa Grande Ruins National Monument**, a prehistoric site built by the Hohokam. Production is underway at Lucid Motors’ new manufacturing facility in Casa Grande with its new electric car and trucks rivaling its nearest competitors. Eloy has become the largest sky diving center in the world, with experienced staff, excellent facilities, great weather and drop zone for skydivers of all skill levels. There are plenty of family-owned and operated eateries, excellent antiquing and a variety of unique finds in local stores. **Come explore our hidden gems!**

EXPLORE COCHISE COUNTY

by Roger Naylor

Find a little something for everyone in this scenic and historic corner of Arizona. Tour the stunning subterranean architecture of Kartchner Caverns in Benson. (Fyi, Benson makes a great base camp with 14 RV parks, 1,500 sites in the city limits.) Relive the Wild West with a visit to the boardwalk sidewalks of Tombstone where lawmen and gunslingers shot their way into the history books.

Nearby Bisbee, America’s southernmost mile-high city nestles in the Mule Mountains. With its picturesque setting and old world architecture, Bisbee is one of Arizona’s premier artist communities. Its hilly streets are lined with colorful shops and galleries.

Finally, there’s Chiricahua National Monument, the most spectacular of Arizona’s Sky Island mountains. This volcanic landscape bristles with an extraordinary array of vertical rock spires, balanced boulders, columns, and hoodoos, creating a high country escape beloved by birders from all over the world. The monument is veined with hiking trails and includes the historic district of Faraway Ranch. Tucked away in a shady pine and oak grove, Bonito Canyon Campground has 25 sites and includes restrooms with flush toilets, running water, and picnic tables. A group campground can accommodate 9 to 24 people. Vehicle length limit is 29 feet. There are no hookups or showers.

Experience Something

Douglas, Arizona is a destination for the culture-driven traveler looking for a binational experience. Located in the southeastern corner of the state and bordering Mexico, this vibrant community is the product of the merging of two countries. Experience the binational culture found in Douglas through the cuisine offered by the various family-owned restaurants and food trucks that specialize in Sonoran-style dishes.

FOLKLORICO DANCERS

Enjoy the taste of authentic flavors representing both nations connected along the border that cannot be found anywhere else.

BORDER AIR MUSEUM

Explore the city and learn about its rich history dating back over 100 years. The **Douglas-Williams House Museum** will teach you about Douglas' beginnings and all the historic events that took place in this small southwest city. Visit the **Border Air Museum** located at America's First International Airport and find out about Douglas' aviation history. Famed aviators such as Amelia Earhart have flown into Douglas Municipal Airport which was once a

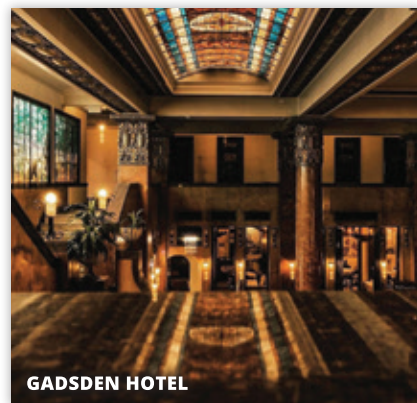

SLAUGHTER RANCH MUSEUM

destination for cross-country air derbies.

Take a trip to the **Slaughter Ranch Museum**, a National Historic Landmark and only 13 miles outside of city limits. Walk down the Historic District and marvel at the architecture dating back to the early

1900s. Stop in the historic **Gadsden Hotel**, often referred to as "the last of the grand hotels", and lounge in its ornate lobby which has an Italian Marble staircase, pillars embellished with gold leaf, and a 42 ft Tiffany stained glass mural. Enjoy a cocktail in the hotel's prohibition-style speakeasy, the only of its kind in this part of the state. While you are there, go see the **Wall of Faces** (located in the Gadsden Hotel), an exhibit that commemorates Douglas veterans who served during the Vietnam War Era.

GADSDEN HOTEL

Experience the creativity of the southwest by visiting the various art museums and galleries around town. The world-renowned **Art Car World** is a museum entirely dedicated to the celebration and preservation of the popular mobile art form that is art cars. The exhibit features a permanent collection of 25 popular Art Cars with others on rotating exhibition. **Studio 917 Gallery** is a space to showcase the work of local and international artists. **Last Supper Museum** is the largest Last Supper Collection on Earth in every medium. It's all about Art, History, Mystery, & Education!

DIFFERENT IN DOUGLAS

At **The Gallery** and Gift Shop, you will find exhibitions of contemporary to eclectic pieces including paintings, photography, sculpture, glass, ceramics, and mixed media.

For travelers that are interested in nature tourism, Douglas is only a few minutes away from various nature destinations.

San Bernardino National Wildlife Refuge is open five days a week during daylight hours for a variety of activities including wildlife watching, photography, hiking, and seasonal hunting. **Leslie Canyon National Wildlife Refuge** is open seven days a week during daylight hours for wild-life activities such as wildlife watching, photography and hiking. **Rucker Canyon** is just north of **Leslie Canyon National Wildlife Refuge** that also offers hiking trails and camping.

ACCESS TO MEDICAL TOURISM *through Cochise County*

Medical tourism is international travel for the purpose of receiving medical care. While traveling through Arizona, access to international medical, dental, or pharmaceutical services is easy as there are several destinations that border our neighbor, Mexico. Patients engage in medical tourism, in Mexico, because medical care and procedures, including surgery, as well as dental care can be performed at relatively low cost. Medical care procedures, cosmetic procedures dental care and pharmaceutical services are available at an average savings that range between 30% - 70% of the cost compared to services in the United States.

Agua Prieta (A.P), Sonora, Mexico, which borders Douglas, AZ, is an excellent resource with its expanding and affordable medical, dental, and pharmaceutical services. The Douglas – Agua Prieta border crossing is simpler than most other crossings in Arizona. Several options for medical, dental, and pharmaceutical services are within walking distance of the U.S./Mexico border at Agua Prieta. Before engaging in medical tourism, we recommend you research before retaining any services.

After you've wintered in the East Valley, you'll know about the convenience to shopping in **Mesa, Apache Junction, Gold Canyon** and other local communities. Sports abound in **Mesa, Tempe** and **Phoenix**. Only a short drive east are breathtaking mountain vistas, history and the great Old West fun along **Apache Trail**.

It all starts in historic **Downtown Mesa**, heading east on Main Street which turns into Apache Trail east of Higley Rd to the center of **Apache Junction**. Turn to the northeast heading onto historic SR 88 heading into Tonto National Forest. You can really tell that

you're out of the city, on the real Apache Trail. Continue on the sometimes mountainous road east to visit the Superstition Mountain Museum, Goldfield Ghost Town, Lost Dutchman State Park, then at Canyon Lake, relax on **The Dolly Steamboat** cruises and stop in **Tortilla Flat** for some local color. The Road is closed here indefinitely due to a severe landslide in 2020.

Of course, there's lots to do and explore throughout this region to keep you active. Come stay in a local RV resort so you can enjoy many urban and outdoor activities.

Welcome to Apache Junction

HOME OF THE SUPERSTITION MOUNTAINS

TOUR HIGHWAY 88 AND THE SURROUNDING AREA

Apache Junction is the gateway to adventures including historic State Route 88, the wonders of Tonto National Forest and the awe-inspiring Sonoran desert. You can experience so many unique attractions, dining and entertainment venues in Apache Junction. It is the eastern most community in the Phoenix metropolitan area, in the shadows of the majestic Superstition Mountains, with a rich history of mining and transportation roots along the Apache Trail, which is now a key commercial/retail corridor of the far East Valley. Today's Apache Trail is filled with distinctive boutiques and restaurants to help you experience the southwest. Just east of Mesa, AZ, Apache Trail turns northeast becoming historic Highway 88 (SR 88), continuing east to Canyon and Apache Lakes.

Apache Trail is part of the National Forest Scenic Byway system built in the 1920s as a supply route for building the Roosevelt Dam. Enjoy the many attractions, eateries and recreational venues along the scenic highway, from Apache Junction to Tortilla Flat. Must stops along the way include the Superstition Mountain Museum, to learn even more about the area and the famous Goldfield Ghost Town, open all year, with a variety of activities including goldmining, railroad rides, horseback riding, mine tours and more.

Also along the Trail is the popular Lost Dutchman State Park. Several hiking trails lead from the park into the Superstition wilderness and surrounding Tonto National Forest. Enjoy a weekend camping and experience native wildlife along the way. Farther east on the Trail, the narrow, twisting road winds

down to the shores of the serene Canyon Lake, with its marina equipped with all sorts of water sports equipment to launch a boat, jet ski or kayak. Visitors can also fish, camp or just relax and enjoy the breathtaking scenery. Board The Dolly Steamboat and enjoy the area's most spectacular lake cruise around this pristine body of water. Often, you'll see wild goats or even eagles soaring over the cliffs nearby.

There are incredible outdoor recreation opportunities in the area, including the aforementioned Superstitions which is said to be home of the Jacob Waltz's hidden gold. Fortune seekers have been in search of the gold since the late 1800s.

Back on the Trail, head to Tortilla Flat, the last surviving stagecoach stop on the Trail. Enjoy an Ol' West burger with a cold drink, while sitting on a horse saddle barstool and finish with a famous Prickly Pear gelato.

Once you have driven the Trail, be sure to include Apache Junction in your stay. Play golf with the Superstitions in the background at Apache Creek Golf Course and attend a performance at Barleen's Dinner Show or at the Apache Junction Performing Arts Center. Apache Junction is filled with natural wonder, amazing recreation, and tons of music, dining, shopping and places to relax. Be sure to experience it all!

For more detailed information about the area, visit the Apache Junction Visitor Information Center, at the Apache Junction Chamber of Commerce, 567 W. Apache Trail. Learn more at www.visitaj.com.

The Equestrians have a Home in APACHE JUNCTION!

by Liz Langenbach, CPRP
Parks & Recreation Director, City of Apache Junction

With views of the legendary Superstition Mountains to the East, and Four Peaks and the Goldfield Mountains to the north, the Apache Junction Rodeo Event Center is located in a prime location for equestrians, outdoor enthusiasts, and nature lovers. Home to signature events such as the annual Lost Dutchman Days, Early Day Engine Tractor Show, Ben Johnson Days and more, the center is a gem in the desert.

After leasing the land since 1986, the City recently purchased and now owns the property. "We are so thrilled to take the next step in our city that has embraced the equestrian community and has long roots with the Lost Dutchman Days rodeo," said Apache Junction Mayor Chip Wilson. "Our purchase of the rodeo grounds opens the door to more events and more visitors to our city." The 20 acre site currently features a fully equipped rodeo arena, covered bleachers, restroom/concession facilities and associated parking. The City will be doing a Master Plan update to help prioritize future amenities at the event center that will support and enhance existing and future events.

Currently, the Rodeo Event Center can be rented for events, as well as individual or group use of the lighted arena. A complete list of fees and facility use guidelines can be found at www.apachejunctionaz.gov/facilityrentals. Archery lessons/tournaments, ATV Safety courses, 4H activities, and a variety of equestrian events and activities are currently happening at the center. We expect to see many more concert and rodeo-style events in the near future.

Superstition Horsemen Association, Inc. (SHA) East Valley Back Country Horsemen (EVBCH)

With over 2.9 million serene desert acres, the *Tonto National Forest* borders east Mesa and Apache Junction. We continuously feature and promote attractions and recreation opportunities along its border so in this issue we are including **equine associations** in the northeastern portion of the East Valley. Those interested in horse riding can access local stables with riding options in the "Things to Do" section.

The **Superstition Horsemen's Association (SHA)** was created by a handful of Apache Junction-community equine owners in 1980 to support and maintain the "rural and western lifestyle," to go along with the city's "Western" themed downtown district.

Today our non-profit continues to focus on the rights and privileges of horsemen, promote the humane treatment of horses and actively pursue favorable legislation concerning these objectives.

SHA is celebrating 43 years of working with trail partners such as the **East Valley Back Country Horsemen**, a local chapter of the Back Country Horsemen of America, which just celebrated its 50th anniversary. The local chapter volunteer members assist with trail maintenance and improvement projects, working closely with local land management agencies to clear and maintain public trails to "keep the trails open for all" and "keep trails open for future generations." This includes pack horse support by carrying in supplies, including tools, food, water and specialized equipment to remote areas. They focus on trails for non-motorized use, which includes horsemen, hikers and mountain bikers.

If you are interested and desire to maintain the "Western lifestyle" in this area, please contact SHA. Donations are appreciated.

Northern Arizona

Arizona's northern high desert covers almost a third of our state and is home to such American icons as the **Grand Canyon**, *Historic Route 66*, the red rocks of **Sedona** and the Eagles' famous corner in **Winslow**. Perhaps not as well known is **Prescott**—with its charming old-time vibe—the original territorial capitol of Arizona, quirky, art-filled **Jerome** and some of the most awe-inspiring scenery in the West.

There's a gigantic hole in the Earth! Its here in Arizona at **Meteor Crater** off I-40 in Northern AZ, between Flagstaff and Winslow, at exit 233. This is the worlds best preserved Meteorite impact site. Guided rims tours, incredible look-out points, Discovery Center & Space Museum, Collision!

4D Theater, Impact! The mystery of the Meteor Crater, a Gift & Mineral store and delightful RV Park next door.

The high season here is summer, when high altitude provides cool temperatures and plenty of reasons to go outdoors. **Williams**, west of **Flagstaff**, is a fun little town that is the starting point for the *Grand Canyon Railway*. Another great train ride is the *Verde Canyon Railroad* that leaves from **Clarkdale**, near **Cottonwood**, taking you on an unforgettable tour of the Verde Valley, as the early miners must have seen it.

Navajo and Hopi tribes share the land to the northeast, surrounding the wild, majestic **Canyon de Chelly** and **Monument Valley**.

VISIT ORGAN PIPE CACTUS NATIONAL MONUMENT

by Roger Naylor

This sprawling intact ecosystem shelters a surprisingly diverse community of animals and plants in its 516 square miles, and includes miles of scenic roads and hiking trails for those yearning to explore the heart of the Sonoran Desert.

Located roughly midway between Tucson and Yuma, Organ Pipe Cactus National Monument encompasses an incredible diversity of Sonoran Desert plants and animals. All told, 28 species of cactus can be found throughout the park, including the namesake organ pipe, which is found almost nowhere else in the United States. This is wild country, fierce and full of secrets.

Within the national monument, Twin Peaks Campground contains 208 sites (174 RV and 34 tent only sites). The campground includes water, restroom, solar showers, grills, tables, and dump station. Hookups are not available.

If you're looking for water sports in the desert, you're sure to find some fun in the West Coast of Arizona. The Colorado River runs along this western border, providing life-sustaining water and recreation to all who visit. But there's much more to this area.

Near the northwest corner of the state is **Kingman**, the "Heart of Historic Route 66." More than 60 of Kingman's buildings are listed on the National Register of Historic Places.

North of I-10, **Bullhead City**, **Lake Havasu City**, **Parker** and **Ehrenberg** are havens to all who love water sports. Situated along the banks of the Colorado River, Lake Havasu City is famously the second home of the London Bridge, which spans the river. Parker has the only resort and casino on the river in this region.

A thriving hub of activity, **Quartzsite** sits at the crossroads of I-10 and Hwy. 95 to points north and south. This little town is featured in this region, so you won't have any excuse for not knowing what's going on in Quartzsite!

The Deserts in Mohave

The deserts in Mohave, La Paz, and Yuma Counties (Arizona's "West Coast") are the canvas for a myriad of recreational activities. The popularity of Off-Highway travel and hiking, have exploded in recent years. The creation of the Arizona Peace Trail, Inc., Quartzsite Off-Road, and local clubs have provided direction and focus for off-road fun and safety.

Arizona Peace Trail

The Arizona Peace Trail is a 675-mile ultimate off-road adventure. It is a loop route through Mohave, La Paz, and Yuma Counties; currently the longest off-road trail in Arizona. There are 34 trail segments which are detailed in the "Arizona Peace Trail Atlas." A digital Global Positioning route map is available for free download at: www.arizonapeacetrail.org.

The Arizona Peace Trail was first conceived by the Bureau of Land Management (BLM) and the Arizona Game and Fish Department (AZGFD). In July 2013, the two agencies discussed the creation a connector trail between Bullhead City, AZ in the North and Yuma, AZ in the South. The vision was to create designated desert trails for public use; and, stimulate tourism.

In 2013, The House Ghost Riders club under the direction of president, JC Sanders, brought land managers from federal, state, county, and city agencies, private landowners and OHV, enthusiasts together to develop the trail. By January 2014, 14 different OHV clubs with the cooperation of BLM, AZGFD, Yuma County, La Paz County, and Mohave County formed the Arizona Peace Trail, Inc., which gained non-profit status in July 2015.

Quartzsite *Off-Road*

There are over one thousand miles of off-road trails in the Quartzsite area. Quartzsite Off-Road is a non-profit under the aegis of The Quartzsite Improvement Association, founded to promote safety, off-road information, and tourism.

In 2016, the "Quartzsite Off-Road Atlas" was created to provide a guide to the 1000's of miles of area trails with topographic maps, routes, points-of-interest, laws, safety recommendations, and other information. Quartzsite Off-Road has no paid employees, and all proceeds from the sale of the Atlas are used for off-road safety and promotion; and, support for local non-profit organizations.

Quartzsite Off-Road has a website, quartzsiteoffroad.com, and Facebook sites, "Quartzsite Off-Road," and "Quartzsite Off-Road Buy Sell and Trade." The Atlas is available on-line, and in local stores. Off-road "Meet and Greet" informational meetings are held on the first Wednesday at QIA, November thru March, in conjunction with The Arizona Sunriders OHV Club which has also been instrumental in promoting OHV trails, safety, and fun.

THE QUARTZSITE SPORTS, VACATION & RV SHOW

The largest consumer-attended RV show in America returns.

With roughly 150,000 RVers from all over the US and Canada expected, the Quartzsite Sports, Vacation and RV show will return in 2024 under a 70,000square foot tent with exhibits, shopping, repairs, upgrades and workshops.

Located in the tiny town of Quartzsite, Arizona, this tiny town swells to what is described as the largest gathering of RVers in the world.

For nine days RVers descend on the giant exhibit tent to see the latest gadgets, get work and upgrades done on their RVs and learn more about the RV lifestyle with workshops and seminars, returning for 2024 along with free Wi-Fi for all attendees.

As always, attendance at the event is free for spectators as is parking. Located just off Interstate 10, 125 miles west of Phoenix and just 20 miles from the California border, this sleepy little town played host to an RV extravaganza that started 40 years ago.

Much more than an RV show, The Quartzsite Sports, Vacation and RV Show is a destination, a huge rock and mineral show and an exceptional people-watching venue.

TAKE A ROAD TRIP ACROSS THE WHITE MOUNTAINS

by Roger Naylor

This high country route is Arizona's ultimate summer getaway. Traveling from Pinetop to Eager on State Highway 260 serves as the perfect introduction to the White Mountains, Arizona's summer playground. The gentle paved highway sweeps past sparkling lakes, crosses trout-filled streams, and traverses meadows and forests on the flanks of mighty mountains. It's deliciously green in the summer and blazes with colorful leaves in the fall.

This is a land of elk and eagles, and twisting mountain roads pressed beneath a sprawling sky. Wolf howls interrupt the silence and wildflowers dance in each

summer breeze. Easy side trips lead to the mountain hamlet of Greer, Sunrise Ski Park, which also offers a summer playground of activities, and Big Lake, wrapped in forest and lined with multiple campgrounds. At Big Lake, campers have the convenience of paved roads, showers, a dump station, but no electric hookups. Apache Trout, the largest campground, can accommodate vehicles 45 feet in length.

Hon-Dah Resort Casino

THE ENTERTAINMENT CENTER IN THE HEART OF THE WHITE MOUNTAINS

Hon-Dah Resort Casino and Conference Center is owned and operated by the White Mountain Apache Tribe. Located in the heart of the White Mountains, the resort sits at 7,200 feet in elevation and is surrounded by tall Ponderosa pines. The White Mountains region of eastern Arizona is known for its scenic, high-country beauty, diverse outdoor recreation and mild climate — summer temperatures range in the 70s and 80s. Hon-Dah Resort is not only a luxury destination resort, but also a conferences/events hub and the premier entertainment center for the White Mountains region.

LUXURY HOTEL

The resort's 128 oversized, luxury rooms are reasonably priced and have too many amenities to mention here. Guests enjoy the all-season pool, hot tub and sauna in any weather, day or night. The magnificent lobby features a rockscape, waterfall, animal display and a massive fireplace. Adjacent to the lobby are Spirits Cigar Pub and the Gift Shop. The Hotel is rated Triple Diamond by AAA.

CONFERENCE CENTER

Hon-Dah's Conference Center is the largest and best equipped in the White Mountains region. The Center can accommodate business meetings, catered parties or special events for groups up to 700 attendees.

GREAT FOOD – GREAT BUFFETS

The Indian Pine Restaurant offers breakfast, lunch and dinner 7 days a week. Whether you have an appetite for a juicy steak or a pizza, the restaurant is the place to find quality food selections. If you like a feast, check out the daily breakfast, lunch and dinner buffets. For a special dining experience try the Friday night seafood buffet, Saturday night prime rib buffet or Sunday champagne brunch.

AWESOME ENTERTAINMENT & EVENTS

For locals and visitors alike, Hon-Dah's entertainment is topnotch. Every Tuesday through Saturday nights the Timbers Lounge presents live music and dancing. The bands are some of the best in the U.S. and typically play in Las Vegas cabarets and other metropolitan nightclubs. The band selections are always varied — featuring rock, country, Latin or oldies music. Up and coming stand-up comedians are featured every Monday night at our Munday Funday Comedy Club. For Special Events, Hon-Dah has something for everyone: White Mountain Bike Rally and outdoor concerts, just to name a few.

CASINO EXCITEMENT

Over 800 slot machines, live poker, blackjack and promotion giveaways provide nonstop excitement and fun in Hon-Dah's casino. Progressive jackpots reach into the hundreds of thousands of dollars. Hon-Dah adds new slots regularly and you'll appreciate our EZ Pay coinless machines. Our Players Club members enjoy the cash, food, rooms and other rewards they receive for point redemptions.

RV PARK & MORE

We've got over 500 beautiful sites nestled in the Ponderosa pines. The year-round RV Park is adjacent to the Casino and offers satellite TV, a

laundry, showers and much more. The Convenience Store and Gas Station is the perfect place to stop for beverages, snacks and camping/fishing necessities. The gas prices are usually the lowest in the area. Stop by the Hon-Dah Ski and Outdoor Store for outdoor items for every season: ski and snowboard sales/rentals, clothing, fishing gear and permits — just to name a few.

The image shows a large wooden sign for 'HON-DAH RV PARK' with a stylized arrow pointing up. Below the sign is a promotional graphic with a blue background and white text. It features the Hon-Dah Resort-Casino Conference Center logo, which is a circular emblem with a mountain and trees. The text 'LARGEST RV PARK' is prominently displayed in large, bold, white letters. Below it, 'In The White Mountains!' is written in a script font. At the bottom of the graphic, there are three small images: a slot machine, a building, and a stone wall. Below these images, the text 'MONTHLY PROMOTIONS • MONTHLY ENTERTAINMENT SLOTS • BLACKJACK • POKER & MORE!' is listed. At the very bottom, 'Year-Round Excitement!' is written in a large, stylized font, followed by the website 'WWW.HON-DAH.COM' and the address '777 HWY 260 • PINETOP, ARIZONA 85935'.

CASA MALPAIS Archaeological Park

Located in the White Mountains, near the Town of Springerville in northwestern Arizona, at 7000 ft elevation is a late Mogollon site, dating back to about 1250 and 1340 AD, situated on a basalt lava flow. The site contains exciting discoveries including a Great Kiva, solar calendar, 50-60 room pueblo remains, and an ancient staircase that led up on the rim of a shield volcano that created Lava flow the site is located on. It has numerous means of tracking the sun, and is truly a remarkable site for its time. It became a National Historic Landmark in 1964. It can only be visited by guided tours which originate in the Heritage Museum, located at 418 -East Main St, Springerville, AZ 85938. 928.333.5375 Please note the tour is two hours, 3/4 mile hike on steep, rocky surfaces.

It's time to Mogollon in the White Mountains

See some of the most far reaching scenery in Arizona. Stand atop a 2,000 foot drop along the top of the Mogollon Rim, (there are several pronunciations, take your choice, moo-guh-yohn or moggy-yawn), stretching 200 miles from Yavapai County to New Mexico. It is a true geological wonder hosting sedimentary, volcanic and metamorphic rock dating back to the Precambrian era.

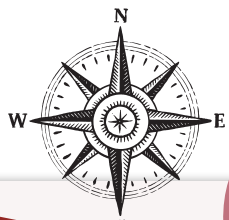

Enjoy a leisure picnic or trek along the historic hiking and horseback riding trails.

Drive Forest Road 300 (Rim Road), a 43 mile scenic drive along the top of the rim with awe-inspiring panoramic vistas along the entire route. While unpaved, it is well maintained for ease of travel. It accesses several pristine lakes, of which have some of the clearest water in Arizona. Fishing in them is more than spectacular!

The easiest access is from Payson, (State Road 87), east on State Road 260, approximately 30 miles to the top of the rim. At the top, turn left to enjoy the spectacular views. The scenic Rim Road starts here, continuing west to State Road 87, north of Payson.

Yuma
AREA STREET DETAIL

© Copyright 2023, Compass Marketing Group, LLC

From early days in Arizona's territorial history, Yuma was considered to be the gateway to California. A settlement was built along with a bridge over the Colorado River and history was made.

Today, Yuma is a bustling community that carefully preserves its history and offers a comfortable winter climate for RVers to enjoy. The river makes water sports and fishing convenient, and varied wildlife refuges, parks and trails offer great ways to get

outdoor exercise. For indoor fun there are nearby casinos, shopping and some historical attractions that demonstrate the role Yuma played in bringing commerce through Arizona.

Wellton, to the east of Yuma, is a smaller city with its own charms. There are plenty of small-town activities to keep you busy while you enjoy the mild temperatures and easy lifestyle.
